"We spent a week in the Villa with another family at the end of September. We have rented many villas in Europe, and have never experienced such a vacation, as far as the villa itself is concerned: sparkling clean, impeccably maintained, beautifully designed and perfectly equipped, astonishingly located, and above all - professionally managed by passionate teams".

Villa Divine in Tersanas, Crete

Part of a private estate of 8 luxury villas, each with its own private pool, the villa is suitable for year-round accommodation.

The villa has five (5) main rooms and sleeps eight (8) (additional single bed and/or crib available on request).

Villa Poseidon is built right on the seafront, overlooking Cap Tersanas with a breathtaking view of the Mediterranean.

The Villa has a high-quality design, elegant architecture and is constantly maintained. Inspired by Greek architecture, it is elegantly designed in warm ochre and beige tones. The structure is in reinforced concrete, and some exterior walls are clad in natural local stone. The interior floors are covered in marble, with the exception of the Master Suite upstairs, which has a warm wooden parquet floor.

It is equipped with air conditioning in all rooms, a solar panel generating hot water, an alarm system, and a fire alarm. All exterior walls and roofs are insulated against heat and humidity. A high-speed Internet system keeps everyone connected.

The villa's surroundings are fully landscaped and refined. The garden and pool are true havens of relaxation, designed to ensure privacy and create atmosphere, while a communal tennis court is available to Domaine residents... Parts of the surrounding area are asphalted to facilitate the movement of people and the parking of vehicles.

The Villa has its own grounds of around 2000 m².

Villa Poseidon 2 Seaview

Your vacation should be unique. Whether it's the romantic experience of a honeymoon, a wedding, a business event or simply a vacation with family and friends, everything is possible in your villa.

Poséidon 2 offers over 200 m² of living space on three levels, and is set on a plot of land of around 2,000 m².

The first floor comprises three bedrooms, each with its own bathroom. It also houses a small laundry room. The second floor comprises a kitchen, a vast living room, a dining room, an open-plan kitchen and a toilet area.

The second floor comprises the Master Suite and its bathroom.

The ground and second floors have direct access to the swimming pool (heated on request in winter), while the first and second floors have balconies offering exceptional views of the sea or mountains.

Chania

Chania is a beautiful, bustling and exciting city with many historic monuments. Chania is the main city of Crete, located in the western part of the island. With over 65,000 inhabitants, it is Crete's second-largest city after the capital Heraklion.

Chania is made up of two parts: the new town with its stores, offices, banks and famous covered market, while the other part of this beautiful city is located around the Venetian port with its narrow, vibrant streets and covered market.

The architecture clearly bears the imprint of many years of foreign influence: Arab, Venetian and Turkish.

The area around the port is filled with stores, restaurants, bars, taverns, terraces, night clubs, cafés and hotels.

The beaches

In the surrounding area, you will find magnificent beaches, restaurants and grocery stores for basic necessities.

The beaches at Tersanas are clean and family-friendly. This makes them ideal for fun and snorkeling in the turquoise waters. Tavernas are located on the beaches and the locals of Tersanas will offer you the best of Cretan culture, ensuring a perfect Greek experience.

The beautiful Macherida beach is 300 meters from Divine Villas. The white sand and turquoise waters are just a 3-minute walk away (inaccessible to strollers and small children).

Tersanas beach is about 1 kilometer from your villa. This beach is perfect if you have children, as the water is clear and shallow enough for them to play and swim.
